

*Dodgeland
Summer School
Grades 4K - 12*

2025

June 10 – July 10

(The first day is a Tuesday.)

Monday – Thursday 8:00 am – 11:55 am

Online registration starts on April 2 @ 4:00pm

You will need a PowerSchool Parent account to register. Please contact the school to get this information if you do not have one.

Dodgeland Summer School

Grades 4K-12

Student Hours: 8:00 AM – 11:55 AM

Monday – Thursday

Summer Session

Week 1: June 10-12

Week 2: June 16-19

Week 3: June 23-26

Week 4: June 30-July 3

Week 5: July 7-10

Dear Parent(s) / Guardian(s),

The Dodgeland School District is excited and pleased to provide a variety of Summer School courses this year. Remedial classes that are intended for students to continue to build/maintain their reading/math skills for the next grade; along with a wide variety of enrichment classes of interest to all students. Hopefully, there will be enough student interest in each course because a sufficient number of students are needed to run each class section. **Please note that classes are not guaranteed! If classes fill up, your child might be scheduled into an alternate class.**

Teachers will often recommend that a student enroll in Summer School to further develop the skills and abilities needed to carry on the work of the next grade. Parents are urged to give serious thought to such recommendations. Please note that some courses are given preference to students that are recommended for those courses.

Free breakfast and lunch will be provided to each summer school student. Each morning, students can choose a Take-and-Go breakfast starting at 7:35 to eat in their classrooms before school starts at 8am. Lunch will be served at the start of 4th period, and students will eat in their classrooms. (It is important that they indicate whether they are participating in the lunch program during the 1st period so enough lunches are prepared for all students.)

The Summer School program is open to any child entering 4K – 12th grade who resides within the boundaries of the Dodgeland School District, or is currently attending Dodgeland through open enrollment.

Online Registration begins on April 2, 2025 @ 4pm & Closes on June 3.

Sincerely,

Sincerely,

Sincerely,

Jennifer Huelsman
Elementary School Principal

Dominic Gischia
MS/HS Principal

Marcia K. Modaff
MS/HS Associate Principal

Dodgeland School District 2025 Summer School

General Information

Registration: Fill out the online registration for 2025 summer school programming on PowerSchool in the parent portal. If you need a parent username/login, please contact the school at (920) 386-4404 ext 1000.

Course Fees: Driver's Education classroom course is free for students that reside within the Dodgeland School District or those enrolled in school choice (open-enrolled) at Dodgeland. The student fee for students outside the district is \$75. Behind the wheel instruction is separate from summer school and does have an additional cost. Behind the wheel is only available for **resident** students.

Program Location: All 4K -12th grade classes will be held in the Dodgeland School District building.

Times:

Fantastic 4K and Fun in 5K

7:45 –8:00 Arrival to classroom

8:00 – 8:20 Free Breakfast

8:20-11:55am Classroom Time (lunch is available free for all students around 11am each day)

1st-12th Enrichment + Remedial Courses

7:35 – 7:55 Free Breakfast in classrooms

8:00 – 8:52 Period 1

8:55 – 9:47 Period 2

9:50 – 10:42 Period 3

10:45 – 11:55 Free Lunch and Period 4

Online High School Credit Recovery Courses

7:35 –7:55 Free Breakfast

8:00 – 11:50 APEX Recovery Courses (Free lunch option at 10:45am)

Breaks:

Students will be given a short “brain break” during classes as needed.

Dress:

Students are expected to follow the same standards of dress and conduct as those in effect during the school year. Please wear appropriate shoes for activity classes and sunblock for outdoor classes.

Transportation:

Bus transportation will be offered to and from Juneau. Students will be picked up and dropped off at the following locations and times:

Bus Schedule	Pick-Up	Drop-Off
Reeseville – Former Gathering Source	7:15 AM	12:20 PM
Reeseville Community Center	7:15 AM	12:30 PM
Lowell Post Office	7:20 AM	12:15 PM
Lowell – Caine Park	7:25 AM	12:20 PM
Clyman Village Park	7:20 AM	12:15 PM
Clyman – Church on Main St. Corner	7:20 AM	12:20 PM
Juneau - Dollar General	7:25 AM	12:10 PM

Students who are interested in attending just one class may do so, but transportation will not be provided separately. Example: if the class is held during the 1st period, the student could ride the bus to school; but would need to be picked up immediately after the 1st period ended. Or if the class isn't held until the 4th period, transportation would need to be provided to get the student here; but the student could ride the bus home.

Attendance:

- 1st -12th students enrolled in **enrichment** courses are encouraged to attend all classes.
- Any students enrolled in MS or HS **remedial** courses for the purpose of promotion/credit **must** attend all classes, except for illness or emergencies.

Conduct:

Any discipline problem may result in removal from class, and students may be dropped from the class. The following discipline procedure will be followed:

- 1st – Warning / Advisory
- 2nd – Suspension
- 3rd – Removal from summer school

Any student removed from class for discipline and/or attendance reasons will forfeit all fees. Middle school students will not move to the next grade level and high school students will not receive a passing grade.

Health/Emergency Information Sheet:

Parents will need to fill out questions during online registration regarding health/emergency information before their child/children can participate in summer school classes. We may need to contact you or an emergency contact person regarding your child. There will not be a school nurse on site during the summer school session. However, minor medical triage will be available.

Cancellation Policy

Summer School will be canceled if there is a tornado watch or warning in the morning. School cancellations due to weather can be checked at the Dodgeland website, FaceBook, Dodgeland's Bright Arrow messaging program with text and/or email and local media outlets.

Enrichment and Remedial Courses

“Gear Up” for Middle School (for students entering Grade 6)

Dodgeland Staff

The dates will be determined later this summer, tentatively planned for mid to late August.

The Dodgeland Middle School teachers are excited to welcome you to a brand-new school year. Students will practice their schedule, participate in lots of fun activities to learn about their new school and will even organize their lockers and prepare for a great school year!

Class of 2029 Orientation - (for students entering Grade 9)

Dodgeland Staff

The dates will be determined later this summer, tentatively planned for mid to late August.

The purpose of this orientation is to make the transition from middle school to high school a positive one. Large and small group activities are designed to address students' needs and concerns in an enjoyable manner.

Animals A-Z (for students entering Grades 1-2)

Mrs. Huelsman

In this class, we will grab our passport and learn about animals on the seven continents! We will read, write, talk, and sing about animals. There will be many hands-on and creative animal activities!

AP Psych Precourse! (for students entering Grades 10-12)

Mr. Nordentoft

In this class, students will get a jumpstart on content and skills that will be covered in the AP Psychology course offered during the school year. Whether you are taking the course this next school year or not, the precourse will spark your interest and prepare you for the course if and/or when you take it!

Arts & Crafts! (for students entering Grades 2-3, 4-6)

Ms. Fink and Miss Lexi

In this class, children will use their imagination and creativity all while increasing their fine motor skills! They will create crafts, paint, draw, color, build, and design all while working among peers to increase their social skills.

Art Science (for students entering Grades 5-8)

Ms. Halverson

Learning about how science can be used in creating art. Not an art class, but but creating natural dyes from flowers and vegetation, (Tie Dye), Bleach reactions on fabrics, Making paper, and the list goes on with how science techniques can impact art.

Beginning Band (for students entering Grades 5-6, Grade 7-8 for first time or changing instruments)

Mr. McKay

Reeds (Clarinet and Sax) or **High/Low Brass** (Trumpet, Horn, trombone, tuba) or
Flutes or **Percussion**

The goal of this course is to get beginner band students started on their instruments. Students who signed up or plan to sign up to participate in 5th grade band should sign up to participate in this class. Students will be placed in the correct section after they have selected their instrument. Sections include clarinets and saxophones, all brass, and flutes and percussion. **Students will need their personal or rented flute, clarinet, sax, or brass, and a beginner book.**

Board Games Galore - (for students entering Grades 3-6)

Ms. Westphal

Do you like to play games! Well, come join us where that is all we do: learn, play, and even make our own board games! Please plan to bring any card, dice and/or board games from home to share and play!

Civics (for students entering Grades 10-12)

Mr. Nordentoft

Civics is a course designed to study citizenship and the structure of our government. In WI, high school students must pass the civics assessment prior to graduating. This course will give you a jumpstart on the content for this course and for the assessment that you will be taking before the end of grade 12!

Coding (Microbits) (for students entering Grades 7-9)

Ms. Halverson

Introduction to Coding, using the microbits that are used in 8th grade and getting a little introduction to what we get to see how coding works and how programs and different careers in coding come from simple coding technology.

Drivers' Ed (for students that will be 15 years old or older before next summer)

Mr. Miller

The classroom portion of Drivers' education will take place during summer school from 8:00-11:55 in two sections: Monday/Wednesday or Tuesday/Thursday section. Please sign up for the section that you prefer. At the conclusion of the course, you will take the written test for your Driver's permit. See Mr. Miller's letter for more information. **Behind the wheel instruction is separate from summer school and is for resident students only.**

Fantastic 4K (for students entering Grade 4K) (2 sections)

Mrs. Jenkins / Mrs. Wagner (limit 16 students in each section)

This class will be one session – 8:00 AM – 11:55 PM. Students will meet in the classroom at the beginning of each school day when students arrive and go to breakfast as a group after attendance.

This class will let your soon-to-be 4K child dive into some summer fun. We will be reading many great books, creating projects, making new friends, and learning about how the 4K classroom works. Students need to bring a **paint shirt, a change of clothes in a labeled zip –lock bag, along with a daily snack and drink.**

Fiction vs. Nonfiction (for students entering Grades 1-2)

Ms. Lucht

Piggy and Elephant or pigs and elephants? Clark the Shark or great white sharks? Two stories each class: One fiction, one nonfiction. Which will be the favorite for the day? YOU decide! Reading and math will go head-to-head in this class where **your vote counts!**

Football FUNdamentals (for students entering Grades 5-8)

Mr. Schwoerer

Students in this class will learn the fundamentals of football and have fun at the same time. Students will learn and practice skills together that will help for future football seasons.

Fun in 5K (for students entering Grade 5K) (2 sections)

Ms. Braunschweig/Mrs. Donovan (limit 16 students/class)

This class will be one session – 8:00 AM – 12:00 PM. Students will meet in the classroom at the beginning of each school day when students arrive and go to breakfast as a group after attendance.

Students will have the opportunity to explore kindergarten classrooms, do crafty projects, play games, do hands-on activities, and most of all, have fun, Fun, FUN!!! **Students need to bring a paint shirt, a change of clothes in a labeled zip –lock bag, along with a daily snack and drink.**

***NEW* Fun in Motion** (for students entering 1-2, 3-4, 4-6)

Ms. Westphal

This class will develop and enhance students' overall abilities when participating in a variety of interactive activities. Students will practice our core recess games and have fun doing it! Please wear tennis shoes each day and put on sunblock, as we will be outside most days!

Game On (for students entering 7–12)

Mr. Klueger/Mr. Schwoerer

You're never too old or too young for a little outdoor playtime. Join us in learning the basics of some of the newest and most popular games including Spikeball, Kan-Jam, Poleish, Bocce Ball, Ladder Toss and more. Spend your summer days stoically honing your aim, testing your skills all while learning sportsmanship and enjoying company under the sun!

***Returning*Genius Hour** (for students entering Grades 5-8)

Ms. Halverson

What do you wonder about? What questions would you like to have answers to? What will you do to make the world awesome? Come explore your own passions and creativity in this hands-on class. You will choose a passion (something that you are interested in), learn more about it using a variety of resources, and then create a project to share your learning with our class/school/world.

***NEW*History of Games** (for students entering Grades 7-12)

Mr. Fulton

In this class we will be going over the beginnings of game design and historical significance of the games of the world. We will do a deep dive into ancient games like the Royal Game of Ur, Snakes and Ladders, and Chess. We will take a look at the modern day historically significant games of the past 100 years. Finally we will learn the rules to the current fastest growing games in America and around the World.

***NEW* Intro to Tabletop Roleplaying Games** (for students entering Grades 7-12)

Mr. Fulton

Welcome to a game with the only rules agreed upon by each group that plays the game, welcome to Tabletop RPGs. In this class we will be increasing your creative writing skills, by inviting your own character in the World of Dodger Land. You will be using your reading, puzzle solving skills, math & statistics skills, and small group public speaking skills in every class. The game system that we will be using to explore Dodger Land is Dungeons and Dragons 5th edition (2014). So escape Juneau, escape Wisconsin, escape Earth then me and seek your own fortune.

Just Read (for students entering Grades 4-8)

Mr. Klueger

Can't find a good time to read? Come join good friends with good books during Just Read. Students will have the opportunity to pick a good book, get comfortable, drop everything, and read for the duration of the class. There will be opportunities to take part in book clubs, give book recommendations, and even blog about their favorite books.

LegoMania (for students entering Grades 1-6)

Ms. Vertz

Start “building” a great summer with Lego Mania. Let your imagination soar by creatively solving building challenges like a boat that floats or the highest free-standing tower. If you can imagine it, we will build it. Legos will be provided; students will not bring their own Legos.

Math Fun and Games (for students entering Grades 3-4)

Mrs. Zastrow

During the school year, students have the opportunity to participate in Work places in their math class. This summer, students can continue to have fun with math, practice math skills and use strategies to play with games.

***NEW*The Movies of American History** (for students entering Grades 7-12)

Mr. Fulton

In The Movies that tell American History, we will go over and watch movies that tell the stories of America. We will go over the historically accurate and inaccurate parts to each movie, and discuss what they learned through the movie.

***NEW*Next Level Hoops** (for students entering Grades 6-8)

Mr. Nordentoft

Join Mr. Nordentoft this summer to level up your basketball skills! You’ll work on dribbling, passing, shooting, and more, all while having a blast on the court. Don’t miss out on the chance to take your game to the next level!

Online Courses for High School Credits (for students entering Grades 9-12)

Mr. Mate, Ms. Gomez

This course is designed for high school students interested in courses for credit. This course will be independent study, which may include a personalized schedule (please contact the Summer School Coordinator-Mrs. Huelsman-to discuss options), with assigned due dates for work completion. For students completing the work at school, which is recommended, they no longer have to attend once they have completed the course work.

Students that are taking online courses for credit recovery **must** attend in person at school during the summer school session. **This class will be one session – 8:00 AM – 11:55 AM.**

****Students are encouraged to check out the course catalog of classes available to them to work towards graduation requirements. ****

Online courses for MS students (for students entering Grades 7-9)

Mr. Mate, Ms. Gomez

This course is designed for Middle School students that would like to work on Math or English skills online to get ready for next school year or to review skills from this past school year. Students will work independently online for 55 min. each day to complete the assigned tasks.

Reading Rocks (for students entering Grades 1, 2-3)

Mrs. Ellefson

This class will offer enrichment and extra practice with reading a wide range of books! Students will get to work on vocabulary, comprehension, writing and reading all summer long!

Remedial Literacy (for students entering Grades 1-2, 3-4, 5-6, 7-9)

Mrs. Ellefson, Ms. Juech, Ms. Fobes, Mr. Davidson

This class will offer additional instruction and practice in reading and writing skills in order to have a successful start to next school year.

Remedial Math (for students entering Grades 1-2, 3-4, 5-6)

Ms. Juech or Mrs. Zastrow

This course will offer additional instruction in math concepts and skills important for success in math class. Students will work in small groups and individually based on their individual needs.

Stories Come to Life (for students entering 3-5)

Ms. Juech

Let's bring stories to life together! In this active, dramatic, engaging approach, kids will take on the role of characters using their bodies, voices, and ideas to deepen understanding of the text. Let's get up and move then apply academics to engaging strategies! Join in this fun twist for summer school!

Teacher Apprentice (for students entering Grades 7-12)

Mrs. Huelsman

Do you have an interest in helping others or pursuing a career in teaching? Or maybe you need some experience to add to your resume as you begin applying for a job or filling out college applications. If this describes you, please consider signing up to be a summer instructional apprentice.

Trojan Strength (for students entering grades 7-12)

Mr. Klueger/Mr. Schwoerer - **Offered: 6:45 AM, 8:00 AM, 9:00 AM, and 12:00PM**

This class will focus on building strength through lifting on a split schedule. All upper body development will take place on Mondays and Wednesdays, and all lower body and core development will be on Tuesdays and Thursdays. Developing great strength, power and explosion through this course will help your performance in any sport. It would be great for improving hitting a ball more forcefully, striking a volleyball harder, playing stronger around the basket, and with the basics in football and wrestling.

Under the Sea (for students entering Grades 1-2)

Ms. Lucht

Splash into summer school with this exciting class! Reading, writing, math and science have never been so much fun!! Books and hands-on activities will spark imaginations and encourage the appreciation and conservation of ocean creatures such as whales, squid, dolphins and sharks.

Volleyball Skills (for students entering Grades 4-6, 7-9)

Ms. Fink and Miss Lexi

Join us this summer to practice and learn volleyball skills for your next season, or just to try this sport out! We will play many different games to develop our skills and learn to play on a team.

World under a Microscope (for students entering Grades 5-8)

Ms. Halverson

What happens in a world that is smaller than we can normally see with our own eyes? What does the world look like around us with 40x 100x and 100x magnification? Everything from Plants, bugs, and things we use every day.

Driver's Ed Schedule for the Summer

June 9 NO Summer SCHOOL	June 10 Classroom 8-11:55am B1	June 11 Classroom 8-11:55am A1	June 12 Classroom 8-11:55am B2
June 16 Classroom 8-11:55am A2	June 17 Classroom 8-11:55am B3	June 18 Classroom 8-11:55am A3	June 19 Classroom 8-11:55am B4

June 30 Classroom 8-11:55am A6	July 1 Classroom 8-11:55am B7	July 2 Classroom 8-11:55am A7	July 3 Classroom 8-11:55am B8
July 7 Classroom 8-11:55am A8	July 8 Classroom 8-11:55am B9	July 9 Classroom 8-11:55am A9	July 10 Classroom 8-11:55am Extra if needed

Expectations for Driver Education

This summer, you will need to attend at least 8 classes because state guidelines indicate a minimum number of hours to fulfill the requirements. Make-up days are possible this summer for one absence. You may arrange a “swap” of a numbered lesson from A to B, or a B to an A, but it must be the same number to work. Please make these arrangements in advance if possible.

Example: You can't make B6, but you can make A6 that would not count as a miss. However, you may not swap a lesson 5 for a lesson 4 or 6.

You must pass the class assignments and test to successfully complete the course.

8:00-8:52am	8:55-9:47am	9:50-10:42am	10:45-11:55am
