

**DODGELAND SCHOOL DISTRICT
VIDEO, IMAGE, AND AUDIO RELEASE FORM**

Dear Dodgeland Parent/Guardian,

From time to time during the school year, it is necessary for the district communications staff to use photographs, audio recordings, and/or video recordings of our students to visually explain the many and varied types of programs and events offered by the Dodgeland School District.

We would like your permission to use photographs, audio recordings, and/or video recordings of your student for such purposes as outlined above, and also permission to include your child's name as appropriate in news releases, videos produced by the district, and on district website postings. Neither the Dodgeland School District nor any of its authorized webmasters, photographers, videographers, staff, or officers receives any monetary rewards resulting from the use of such materials.

If you **DO NOT** consent that photographs, video images, and/or the voice of your student shall be used in the manner described above, **please sign below and return this form to the building office.**

*I hereby affirm that I am the parent/guardian of the student named below.
I hereby **refuse** my consent for photographs, video images, and/or the voice of my student to be utilized for advertising, illustration, or publication on the district website, and/or that his/her name be included in the published materials as appropriate.*
